

DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1 and 6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "...extending from a center point toward both sides thereof by predetermined lengths..." It is unclear what the sides are referring to and which direction the guide bars of the claim are extending in. For examination purposes, this phrase will be interpreted as the guide bars are extending in opposite directions from the center point.

Claim 1 recites the limitation "first guide groove" (in line ii). There is insufficient antecedent basis for this limitation in the claim, as the limitation referring to the first guide groove has been removed in the current amendment.

Claim 1 recites the limitation "second guide groove" (in line iii). There is insufficient antecedent basis for this limitation in the claim, as the limitation referring to the second guide groove has been removed in the current amendment.

Allowable Subject Matter

Claims 1 and 6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
